WHAT HAS CHANGED

Bursary Funding & Standardised Allowances

Problems with Data on Registration Templates

- Id numbers incorrect
- Amounts claimed for tuition is more than the DHET prescription
- Allowances claimed was not in line with the 2019 Guidelines
- Student duplicated – same student, but with 2 different courses and/or process cycles
- Formatting of data – some values would be formatted as numbers and some as text in the same field on the Excel sheet

THIS PROCESS OF DATA SUBMISSION WAS FIRST INTRODUCED IN JUNE 2018
